**Senator Keaveny Announces Coordinating  
Board for Early Childhood Appointment**

JEFFERSON CITY – Missouri Sen. Joe Keaveny (D-St. Louis) is pleased to announce the addition of **Dr. L. Carol Scott** to the Coordinating Board for Early Childhood.

The Coordinating Board for Early Childhood arranges a cohesive system of early childhood programs and services in order to support the healthy development and school readiness of all Missouri children, from birth through age five.

“This might be one of the most important efforts our state makes in ensuring that young Missouri children are sound in mind and body as they get ready for school,” said Sen. Keaveny. “Dr. Scott has been recognized nationally as one of the foremost experts in the teaching and learning development process of young children, and her expertise will be a great benefit to the board.”

A complete list of all the governor’s boards and commissions can be found online at [www.governor.mo.gov/boards](http://www.governor.mo.gov/boards).
